

## TWO COLUMBUS MEN LOST LIVES AT SEA

### One Leaps Overboard When Brother Is Washed Away.

Columbus, O., Oct. 27.—W. F. and J. M. Taylor, brothers, formerly of this city but more recently residents of the Isle of Pines, lost their lives in the tropical hurricane which swept over the Gulf of Mexico early last week. They were passengers on a small steamer bound for Mobile when the storm hit the vessel. The passengers were lashed to the rigging to keep from being washed overboard, but one of the Taylor boys became unfastened and was swept out to sea before the eyes of his brother. The latter, in the twinkling of an eye, unfastened the cords that bound him to a mast and plunged into the angry waters. It was an act such as has seldom illustrated the devotion of one brother for another, and the tale has been told by members of the crew who landed in the port of Mobile, after a tremendous struggle against wind and waves.

## DRAWING

### Room On A Train Provided For A Cow

Marionette, Wis., October 27.—Pauline, the prize dairy cow which Senator Stephenson presented to President Taft, will step aboard a limited train, occupying a drawing room provided for her by the express companies, on her way to Washington, November 1. The delay has been due to the fact that the stock has been hovering over the stall occupied by Pauline in the Kenosha stables.

Senator Stephenson, before leaving Washington last summer, consulted with Secretary of Agriculture James Wilson, and he advised the senator to ship Pauline two weeks after the stock's visit, but the senator's experts disagreed with the secretary of agriculture, and accordingly Pauline goes to the White House barns before the event.
